

Dear Group Leader:

Good Neighbors' 2021 Spring/Non-Summer Season Program is a great Missions Opportunity for your youth, adult, or inter-generational group!

Participants will have the opportunity to use their physical labor to serve God as **"Doers of the Word"** (James 1:22); and will return home knowing they *really made a difference*.

Our Summer Program is a home repair ministry (open to all skill levels) serving the "working poor" of Central Appalachia ("America's Third World"). It is a chance for your group to experience a whole new culture without having to apply for a passport or even board a plane!

In many cases, the work performed by the group will **make the difference** between a family's sickness and health, safety, or even the ability of the family to stay together.

An example of a project completed by Good Neighbors' volunteers is a three bedroom addition for a *family of 9, who were living in a two bedroom trailer*. Abe, a hard working coal miner, and his wife Susan, took in 3 children (in addition to 4 of their own) after their mother (Susan's sister) was killed in a car accident. Abe's income from the mines is sufficient to feed the family, but he could not afford to add-on extra rooms for 7 kids. Without the additional rooms, the kids would have been placed in foster care.

High school volunteers, and their adult group leaders, from Minnehaha Academy (MN), Springton Lake Presbyterian (PA) and St. Lukes Lutheran (MN) not only provided adequate shelter for this family; they also began to repair a broken relationship between the family and Jesus Christ!

During the week, groups not only do physical labor, their spiritual lives are also given attention through devotions, music, and challenges for **"life after the mission trip"**.

Additionally, Good Neighbors is a year round presence, not just a summer mission organization. We are recognized as part of the community rather than "outsiders". We are members of the Chamber of Commerce, and are very involved in local activities. This allows our participants to have a *very real and unique Cultural Experience* with Appalachian people, places, and events.

Show God's love through your work - Make new friends - Build stronger relationships - Experience a new culture - Have an adventure - ***Join us this Spring/Non-Summer Season for an experience you won't forget!***

God Bless,

*Jason Benedict*

## FAQ's

### ❑ *What size group can I bring?*

We are staffed to accommodate **Large Groups in 2021!** No group, however, is too small! **Also**, we custom-fit our program to groups of all ages!

### ❑ *Do I need to have any skills to attend?*

To answer in a word...**No**; Our projects vary in degrees of difficulty, and will be selected for groups based on the information provided in the Skill Sheet contained in the application packet. In addition, we try to pair the skills of our staff members with work crews in a way that will help make the work project flow smoothly.

Our goal is for all groups to return home *knowing their work made a difference* in the life of a family. Based on this, Good Neighbors takes into careful consideration a group's skill level in order to assign the ideal project. Please fill out the Skill Sheet carefully to **avoid the frustration of being assigned to a project that is *too simple* or *too complex* for your group.**

### ❑ *Where will I be staying/accommodations?*
