

Volunteer Groups - Serving Safe/COVID Conscious: We Now Offer Delivery Service!

Working with Student-Volunteers is **just as important** to our mission as helping working-poor families in need because it plants the seed of life-long service toward others!

Ideally, we'd **Love** to host all our Summer Mission Groups here in Kentucky - the Cultural Experience is Awesome! We're currently open from mid-June through September!

Since things are Not Ideal and we understand the Impact Mission Trips have on your Group We have determined to Offer Hybrid 2020 Mission Trips!!

What is a Hybrid Mission Trip?

It means, if COVID-19 stops your group from traveling, **we'll bring the mission trip experience to you** (including a truck and trailer with Good Neighbors' staff and tools) to achieve 3 Major Accomplishments!

- 1) Keep the Youth Group Experience Going - These times are tough on teens too! Service and Bonding are So Important for their Well-Being!
- 2) Serve Families in Need - We'll work with you, Beginning NOW, to set-up projects in Your Community, combining our Staff and Resources with your Group to find the right families and projects in your town!
- 3) Help Working-Poor Families in Appalachia - Some of our Staff will be Helping Families Here, while others will be with you - We'll connect throughout the week, via Zoom, to share stories, celebrate accomplishments and connect!

We Want to Work With Every Group Willing to Serve!!
